

## **WELCOME JESSICA WONG TO THE NAMI MARYLAND STAFF!**

NAMI Maryland is very excited to welcome on board the newest member to our family, Jessica Wong. Jessica joined the NAMI Maryland staff in February as the Programs and Trainings Coordinator. She will lead the coordination of statewide and regional trainings for individuals to deliver NAMI Programs at the grassroots level. Jessica will work with NAMI Maryland staff and local affiliate and programs leaders on program planning and outreach. She is thrilled to join the NAMI Maryland team and is looking forward to working closely with each affiliate.

Jessica has a background of over five years in quality assurance and working within the mental health field. She worked on the Consumer Quality Team of Maryland under the Mental Health Association of Maryland where she traveled statewide to interview Maryland's adult and youth consumers about the quality of their services within the state's hospitals and state programs. Jessica graduated from Salisbury University with a BA in Psychology and served as a volunteer for Americorps and is a Delta Gamma Fraternity alum.

To contact Jessica about our programs, email her at [programs @namimd.org](mailto:programs@namimd.org) or give her a call at (410) 884-8691.
