

MedStar Health

Associate Program Director

BALTIMORE, MARYLAND

The Department of Family Medicine at MedStar Franklin Square Medical Center in Baltimore seeks an Associate Program Director for our community-based program with 26 residents and 16 faculty. The Associate Director will chair the Clinical Competency Committee, lead milestones integration, provide oversight of the curriculum and the advisor/advisee process, and actively participate in recruitment and accreditation. Additional roles could include curriculum design, faculty development, or other areas in line with candidate's experience and interests. The position also includes direct patient care, resident and medical student teaching, and scholarly activity.

Our Family Health Center has 30,000 visits per year with excellent pediatrics and chronic disease programs including active HIV and Hepatitis C programs and an integrated Behavior Health Clinic. We have been continuously certified as an NCQA level III PCMH since 2011. Our four-year combined Family Medicine/Preventive Medicine program with the Johns Hopkins Bloomberg School of Public Health and other active collaborations bring a community and population health focus to our program. We are also collaborating with Georgetown University School of Medicine on a new longitudinal third year medical student curriculum based at our site. A faculty appointment at Georgetown commensurate with experience is included with this position. Our department also has a strong track record of leadership in regional and national organizations.

MedStar Franklin Square Medical Center is a member of the 10-hospital, not-for-profit MedStar Health, the largest health care provider in the Maryland and Washington, DC region.

The ideal candidate will have superior organizational skills and a passion for residency education and evaluation. A minimum of 3 years prior residency faculty experience is preferred. Qualified applicants should reply with CV and letter of interest to Melly Goodell, MD, Chair, Department of Family Medicine, at melly.goodell@medstar.net, or mail to 9101 Franklin Square Drive, Suite 205, Baltimore, MD, 21237.

Honored as one of Baltimore's Best Places to Work

RESIDENCY FACULTY POSITIONS • BALTIMORE

The Department of Family Medicine at MedStar Franklin Square Medical Center in Baltimore seeks an MD/DO faculty member for our 26-resident community-based residency program with 17 faculty. This position includes direct patient care, resident and medical student teaching, and administrative and scholarly activity. Demonstrated interests or skills in community medicine and population health/ preventive medicine, and practice administration are assets. We also welcome applicants with the skills to practice and teach HIV and Hepatitis C management in the primary care setting.

Our Family Health Center has 33,000 visits per year with excellent pediatrics and chronic disease programs, and NCQA Level III PCMH designation since 2011. Our four-year combined Family Medicine/Preventive Medicine program with the Johns Hopkins Bloomberg School of Public Health and other active collaborations, bring a substantial community and population health focus to our program. We have strong academic affiliations and faculty with regional and national leadership roles. Medical students from area medical schools also rotate at our site and we will begin a new longitudinal, integrated curriculum with Georgetown University School of Medicine in July 2016. Academic appointments with affiliated medical schools are encouraged.

MedStar Franklin Square is a member of the 10-hospital, not-for-profit MedStar Health, the largest healthcare provider in Maryland and the Washington, D.C., region.

Qualified applicants should reply with curriculum vitae and letter of interest to Melly Goodell, MD, Chair, Department of Family Medicine, MedStar Franklin Square Medical Center, at melly.goodell@medstar.net or mail to 9101 Franklin Square Dr., Suite 205, Baltimore, MD 21237.
