

Family Medicine Opportunities with Community Health Centers in Virginia

Are you looking for a better work/life balance? Then community health is the place for you! Do you want a city life or the amenities of a smaller town? We can offer you either in a unique multi-disciplinary practice setting. We have openings in both large and mid-sized urban- as well as rural areas of Virginia. Come join a team setting without the distractions and detractors of administration, billing and excessive patient loads. Our practices include the prospect of a balanced life, no buy-in and guaranteed salary coupled with a robust benefits package. We are seeking Virginia licensed, Board Certified Family Practice Physicians and DO's for numerous Community Health Centers in Virginia. No J-1s/H-1Bs, please!

Current opportunities include:

Lexington--new health center, recently converted from a free clinic, seeks a full-time provider to join their team. Excellent salary and benefits.

Fredericksburg--multi-sited organization has an immediate opening at their Fredericksburg location. New grads are encouraged to apply. Excellent salary and benefits. Spanish speaking capability a plus but not required.

Eastern Shore--multi-sited health system seeks a provider to join their team. Excellent salary and benefits. New grads encouraged to apply. A fantastic opportunity for water lovers!

Prince William County (Northern VA)--multi-sited health center system has multiple vacancies (Woodbridge and Manassas). Ideal candidate would have experience and speak Spanish, however new grads are encouraged to apply. Immediate availability at both sites.

Winchester (Northern Virginia)--multi-sited health center with locations in Virginia and West Virginia seeks a practitioner for its Winchester location. Fantastic opportunity to be close to the Nation's capital without the traffic! New and experience practitioners are encouraged to apply.

Dinwiddie (central Virginia)--multi-sited health center seeks a practitioner to join their team at their Dinwiddie location. Fantastic opportunity for a new or experienced provider. Dinwiddie is located just southwest of Petersburg, right off of I-85--very close to the Richmond area.

Ferrum (on Ferrum College campus)--multi-sited practice seeks provider to join strong support team at its Ferrum site. Excellent opportunity for someone searching for a rural practice environment. Fantastic support staff and advanced care practitioner team in place here.

Laurel Fork/Carroll County--multi-sited health center seeks dedicated provider to join vibrant practice at the flagship site. Excellent staff, strong leadership and strong team dynamics in place. Facility contains pharmacy on site; wellness center on site as well. Practitioners with immediate availability are encouraged to apply. Residency grads completing summer 2015 are also highly encouraged to apply.

Floyd County (near Christiansburg/Blacksburg/VA Tech corridor)--multi-sited health center system seek provider who wants to join a dynamic team with daily opportunities to make a difference in the lives of grateful patients. Existing patient care team is waiting for the next rising star to climb aboard. Ideal candidate would be an experienced provider. Residents completing summer 2015 are also encouraged to apply.

Tazewell County (near Bluefield, VA/WVA)--multi-sited health center system serving a broad area in Southwest Virginia seeks additional provider to join its dynamic patient care team. This is an excellent opportunity for job seekers looking for clean air, rising mountain peaks a short distance away and an array of natural activities to enjoy. Experienced providers and residents completing summer 2015 are encouraged to apply.

Highland County--health center in beautiful, rural Highland County is seeking a physicians. Excellent opportunity for a experienced practitioner or new grad. NHSC scholars or loan repayers encouraged to apply. A wonderful opportunity for someone that enjoys the outdoors as numerous outdoor activities are available nearby including hiking, fishing and skiing.

Tazewell County (I-81 corridor nearing the TN border)--multi-sited health center seeks a full-time physician at their Tazewell county location. Excellent staff, strong leadership and wonderful team dynamics. New and experienced practitioners encouraged to apply.

Washington County (I-81 corridor nearing the TN border)--multi-sited health centers seeks a full-time physician at their Meadowview location. Excellent staff, strong leadership and wonderful team dynamics. New and experienced practitioners encouraged to apply.

St. Paul (Wise County)--multi-sited health system located in Southwest Virginia seeks a provider to join their St. Paul location. Ideal candidate would be an experienced provider but new grads are encouraged to apply.

Damascus (Washington County, off of Route 58 near the VA, NC, TN borders)--multi-sited health system seeks a provider at their location in Damascus. This is an excellent opportunity for the outdoor enthusiast! Also known as "Trail Town USA", Damascus is traversed by the Appalachian Trail, the Virginia Creeper Trail, the Trans-America National Bicycle Trail, the Iron Mountain Trail, the Daniel Boone Heritage Trail, the Crooked Road Musical Heritage Trail, Virginia's Birding and Wildlife Trail, and lies within a short distance of hundreds of miles of other hiking, horse, and biking trails.

Bastian (Bland County VA on the I-77 corridor just north of Wytheville)--health center located 20 minutes north of Wytheville in Southwest Virginia seeks an experienced provider to join their team. This is a terrific opportunity for a practitioner that enjoys biking and hiking as the Appalachian trail is nearby. Excellent salary and benefits.

**** Each practice is out-patient based with minimal on-call responsibilities unless specified up front.****

Join a growing, stable organization with over 100 service sites of community-based practices where you are needed and appreciated.
