Dyed In *the* WOOL

Presented by Leah Augustine Phillips

Take a journey to learn about the increasing importance of wool to meet environmentally aware consumer demand for sustainable, renewable, and biodegradable products. This class not only looks at the actual fiber make-up and its attributes, but additionally explains why New Zealand Wool is sought after, how wool goes from sheer into spun yarn, and what existing products are currently available to meet consumer demand.

Speaker, Leah Phillips, is part owner of Paragon Wool Products and Delos Rugs.

Sponsor The Campaign for Wool

0.1 CEU IDCEC #104174
