<p>*May 5 League Championships for those who qualify in top three in their event(s).</p>		

Attendance policy

- *Please submit a schedule of any planned absences during the first week of practice.
- *It is important that we know what meets will be missed because it is difficult to replace athletes at the last minute.
- *Athletes are expected to be at every practice. Missed practices will be unexcused, unless one of the coaches is notified in advance.
- *Students will lose events if they have unexcused absences.
- *It is essential for athletes to attend the practice prior to a meet, especially for relay practice.
- ***It is expected that all athletes stay at a meet until all events are closed. We want the team to support each other and be there incase we need someone to fill in for an event. Also, we understand that the athletes may have prior commitments on meet days. We ask that students notify a coach in advance if he or she needs to leave early and sign-out directly with Mr. Wilcox or Mr. Reeves.

We are looking forward to a great track and field season. Thank you for your support.
