

SUMMER MATH CAMP STUDENTS ENTERING GRADES 1-6

**Liberty Common Summer Math Program:
Don't lose ground this summer in math!**

Research at Liberty Common School has shown that a whole summer without regular math practice can cause a HUGE drop in math testing and grades. This program is designed for students who need extra math support and will help them maintain the progress that they have made in math so far. Teachers will instruct using Singapore Math, Accelerated Math, and Math Facts in a Flash.

- **The cost is \$150 per student.** (*which equates to only \$5.00 per hour*)
- **Each session will be limited to 12 students*.** (*register early for a spot in your grade level*)
- **All sessions will be held at the elementary school campus.** (*1725 Sharp Point Drive*)

Students Entering Grades 1-6

July 8th – July 31st

Tuesday, Wednesday, Thursday

12:00-2:30 PM

*For this program to be viable, at least eight students need to sign up for per session.
