Nashville, TN 37204

As salaam alaikum,

We are excited to announce the formation of the American Muslim Advisory Council (AMAC). AMAC began as a collaboration between the Tennessee Department of Safety and Homeland Security and Muslim leaders across the state.

AMAC has now broadened its reach to other government agencies and thus, operates as an independent organization. AMAC's mission is to build bridges between the Muslim community and federal, state and local law enforcement as well as government and private agencies, in order to foster understanding and mutual trust.

Through presentations, open forums, educational materials, and other outreach efforts, we hope to assist law enforcement, government, and private agencies to better serve their constituents and enhance security for all Tennesseans while enabling the Muslim community to represent itself at the local and state levels.

We ask for your support and dua.

For more information about our services and testimonials from trainings conducted by AMAC, visit us at [www.amactn.com](http://www.amactn.com). You can also email us at [info@amactn.com](mailto:info@amactn.com), talk to any of our board members or call 615-200-6052

Jazakumillah Khairan,

Zulfat Suara  
Chair
