SUMMER CALENDAR &

CLASS SCHEDULE 2016

Summer is here!!! We hope that you are enjoying your beautiful garden and a slightly more relaxed schedule! Our flowers and vegetables have certainly enjoyed the rain. While the wet weather has cut into pool time and other outdoor activities, I know my garden has never been happier!

We have classes lined up for July as well as our annual yard sale, a photo contest, and weekly market. Details below:

WEEKLY MARKET

WEDNESDAYS...10-1 ...CABELL'S GARDEN MARKET

Every Wednesday Cabell sells her organically grown produce at Sneed's. Cabell started with raised beds in her backyard a few years ago and has expanded to farming several backyards in the Forest Hill area. Come out every Wednesday to support a truly local organic farmer and get some tasty eats!

YARD SALE!

JULY 9-10...SATURDAY 9-6, SUNDAY 12-5...YARD SALE

Attention bargain hunters!! We've got a great selection of pottery at 50% off, discontinued organics, cottage one-offs, and a whole lot more. The Yard Sale will be both Saturday and Sunday. Don't miss out on some of the biggest bargains of the year!

PHOTO CONTEST

Calling all shutterbugs! Submit photos of your gorgeous garden for a chance to win one of three prizes: 1st place $100 gift card & Dr. Earth products, 2nd place $50 gift card & Dr. Earth products, 3rd place $25 gift card & Dr. Earth products.

How to enter? July 11-17...email photos of your garden to jenny@sneedsnursery.com for your chance to win.

July 19th...all submitted photos will be posted to Facebook for voting. Encourage your family and friends to like your picture. Likes will count as votes. Voting will be allowed through July 20th.

July 21st...winners will be announced

Rules: deadline for submission via email is July 17th, 6pm. You may submit up to three photos. Photos must be taken by the gardener. Cute cats and dogs are always allowed in the pictures!

JULY 9...11AM...VEGETABLE GARDEN TROUBLE SHOOTING & ORGANIC SOLUTIONS + SUCCESSION PLANTING

Our favorite backyard farmer, Cabell, will continue her series on organic vegetable gardening with this timely topic. Now that you have your summer crops growing, what do you do about those hornworm caterpillars and weird spots on the leaves?? Cabell knows!!

JULY 16...11AM...KOMBUCHA!

Learn how to brew kombucha! Jen will demonstrate what is needed and how to brew this popular drink. She will discuss the science of the probiotic properties in the tea and the SCOBY as well as the history of this 5000 year old health elixir. Learn to identify when your kombucha goes wrong. Participants will take home a sample of kombucha mother. Fee: $10

JULY 16...NOON...BRINGING HEALING HERBS INTO THE KITCHEN

Allie's class on Wildcrafting for Herbal Medicines was hugely popular. Today she will share ways to incorporate healing herbs into your daily life. Herbal meads, fire cider, herbal bone broth, bitters, shrubs, infused vinegars, and edible flowers are just a few of the topics she will discuss.

JULY 23...11AM...PLANTING A BUTTERFLY GARDEN

A butterfly garden not only has nectar for the butterflies, but host plants for the caterpillars and a water source. Learn about our native butterflies and what plants you should use for attracting them to your garden!

JULY 30...11AM...MAKING ALL NATURAL BODY AND FACIAL SCRUBS

Why spend lots of money on fancy body scrubs when you can easily make your own that works just as well...and you know what is in it! A basic scrub uses a few simple ingredients and then you customize it with herbs. Join Sally for this workshop and have fun making scrubs you can take home and use! Fee: $25

JULY 30...NOON...HONEY INFUSIONS FOR YOUR HEALTH

Queen Bee Cath will talk about the healing properties of honey and how to incorporate herbs for added benefits. You will be able to make your own honey remedies after this informative demo.
