

Acer		Notes	Caliper	Height	Spread	1+	10+
Acer griseum	beautiful cinnamon exfoliating bark, good fall color	2.00"				\$252	\$202
		2.50"				\$290	\$232
		3.00"				\$334	\$267
		3.50"				\$384	\$307
		4.00"				\$442	\$353
		4.50"				\$508	\$406
Acer palmatum 'Atropurpureum'	leaves are reddish-purple, good fall color, 20-year old specimens			6-8'		\$652	\$521
				8-10'		\$777	\$621
Acer palmatum 'Bloodgood'	small to medium sized tree, dark red-purple leaves that retain their color well in the summer heat, excellent fall color	2.00"				\$335	\$268
		2.50"				\$385	\$308
Acer palmatum 'Emperor I'	upright growth habit, deep red leaves, good fall color, glows when backlit—stunning	2.00"				\$335	\$268
		2.50"				\$385	\$308
		3.00"				\$452	\$361
Acer palmatum 'Ever Red'	deep purple-red color, fades to a bronze-purple, becomes a bronze-green in the heat, bright red fall color, 48-54" in height and/or spread	2.00"				\$335	\$268
	5-6' in height and/or spread	2.50"				\$385	\$308
		3.00"				\$452	\$361
Acer palmatum 'Inaba Shidare'	leaves purple-red in spring, crimson in the fall, holds color fairly well in the heat, 48-54" in height and/or spread	2.00"				\$335	\$268
	5-6' in height and/or spread	2.50"				\$385	\$308
	7' in height and/or spread	3.00"				\$452	\$361
Acer palmatum 'Red Select'	purple-red foliage, good fall color, 48-54" in height and/or spread	2.00"				\$335	\$268
	5-6' in height and/or spread	2.50"				\$385	\$308
	7' in height and/or spread	3.00"				\$452	\$361
Acer palmatum 'Tamukeyama'	young foliage deep crimson-red matures to purple-red and holds color well throughout the summer, leafs out slightly later than other cultivars, 48-54" in height and/or spread	2.00"				\$335	\$268
	5-6' in height and/or spread	2.50"				\$385	\$308
	7' in height and/or spread	3.00"				\$452	\$361
Acer palmatum 'Tsukushigata'	limited, deep red/black foliage that turns scarlet in the fall, the green seed set makes for a stunning contrast			10-12'		\$452	\$361
Acer palmatum 'Viridis'	green leafed-type, excellent yellow-gold to red fall color, 48-54" in height and/or spread	2.00"				\$335	\$268
	5-6' in height and/or spread	2.50"				\$385	\$308
Acer rubrum 'October Glory'	holds dark green leaves later into the fall than other cultivars, orange to red fall color	2.50"				\$212	\$170
		3.00"				\$244	\$195
Acer rubrum 'Red Sunset'	excellent orange to red fall color	2.50"				\$212	\$170
		3.00"				\$244	\$195
Acer saccharum 'Green Mountain'	"Sugar Maple", dark green leathery leaves with good scorch resistance, excellent fall color	2.00"				\$219	\$175
		2.50"				\$255	\$204

Discounts of up to 15% available—please see "The Fine Print"

Aesculus						
	Notes	Caliper	Height	Spread	1+	10+
Aesculus octandra	“Yellow Buckeye”—foliage stays clean of foliar disease in summer, pumpkin color in the fall, yellow flowers	2.00"			\$243	\$194
		2.50"			\$279	\$223
		3.50"			\$321	\$257
		4.00"			\$369	\$295
Aesculus pavia	“Red Buckeye”—a clump forming shrub or small tree, flowers 4–8" long, plant in partial shade, red flowers, deer resistant		36"		\$127	\$102
			42"		\$146	\$117
			48"		\$169	\$135
			54"		\$194	\$156
Aesculus x carnea ‘Briotii’	deeper red flowers than the species	2.00"			\$212	\$170
		2.50"			\$244	\$195
Aesculus x carnea ‘Ft. McNair’	pink flowers with yellow throats	2.00"			\$212	\$170
		2.50"			\$244	\$195

Amelanchier						
	Notes	Caliper	Height	Spread	1+	10+
Amelanchier x grandiflora ‘Autumn Brilliance’	multi-stem, abundant white flowers, edible fruit and good fall color		6–8'		\$224	\$179
	multi-stem		8–10'		\$257	\$206
	tree form	2.00"			\$212	\$170

Betula						
	Notes	Caliper	Height	Spread	1+	10+
Betula nigra ‘Dura-Heat’	3-stem dark, glossy olive-green leaves that are smaller than the species, good yellow fall color, leaf spot and aphid resistance		10–12'		\$201	\$161
	5-stem		10–12'		\$282	\$226
Betula nigra ‘Heritage Cully’	3-stem, leaves are larger and glossier dark green than the species, very cold hardy but adapts extremely well to heat, beautiful exfoliating bark, superior to species in every way		10–12'		\$186	\$149
	5-stem		10–12'		\$246	\$197

Buxus						
	Notes	Caliper	Height	Spread	1+	10+
Buxus ‘Chicagoland Green’	globose, very hardy, little winter bronzing			27–30"	\$96	\$77
	globose			30–36"	\$116	\$93
Buxus ‘Graham Blandy’	narrow column		30–36"		\$116	\$93
			36–42"		\$138	\$111
			42–48"		\$154	\$123
			48–54"		\$185	\$148
Buxus ‘Green Ice’	dense, columnar habit, compact, needs little pruning, deep glossy green foliage with a blue-green spring flush		27–30"		\$96	\$77
			30–36"		\$124	\$99

Discounts of up to 15% available—please see “The Fine Print”

Buxus (con't)		Notes	Caliper	Height	Spread	1+	10+
Buxus 'Green Mound'		globose, very hardy, dark green foliage			18–21"	\$59	\$52
		globose			21–24"	\$68	\$59
		globose			24–27"	\$77	\$68
		globose			27–30"	\$96	\$77
		globose			30–36"	\$116	\$93
Buxus 'Green Mountain'		columnar		27–30"		\$98	\$78
		columnar		30–36"		\$114	\$91
Buxus 'Green Velvet'		globose			27–30"	\$96	\$77
		globose			30–36"	\$116	\$93
Buxus 'Justin Brouwers'		compact, mounding habit, sun tolerant, good winter color		24"	24"	\$96	\$77
Buxus microphylla		globose			36–42"	\$119	\$95
		globose			42–48"	\$143	\$115
		globose			48–54"	\$172	\$137
Buxus 'North Star'	NEW	dense globe shaped selection, shiny dark green leaves that retain good winter color		27–30"		\$96	\$77
				30–36"		\$116	\$93
Buxus 'Northern Charm'		very hardy, upright oval, compact		30–36"		\$119	\$95
				36–42"		\$143	\$115
Buxus 'Rotundifolia'		bright green, large rounded leaves, oval habit, limited		30–36"		\$110	\$89
Buxus sempervirens		columnar "American Boxwood", very limited		36–42"		\$192	\$153
Buxus sempervirens 'Appalachian Pyramid'		upright, narrow, pyramidal to columnar		36"		\$134	\$107
				42"		\$160	\$129
Buxus sempervirens 'Dee Runk'		column		36"		\$145	\$116
		column		42"		\$174	\$139
Buxus sempervirens 'Fastigiata'		column		36"		\$145	\$116
				42"		\$174	\$139
Buxus sempervirens 'Newport Blue'				27–30"		\$96	\$77
		column		30–36"		\$117	\$93
Buxus 'Vardar Valley'		low growing, flat-topped mound, excellent dark blue-green foliage			21–24"	\$86	\$69
Buxus 'Wintergreen'		small light green leaves, performs well in cold climates			27–30"	\$119	\$95
					30–36"	\$143	\$115

Carpinus		Notes	Caliper	Height	Spread	1+	10+
Carpinus betulus 'Fastigiata'		dense branching makes this cultivar a good screen even in winter	2.00"			\$224	\$179
			2.50"			\$263	\$210
			3.50"			\$347	\$278
			4.00"			\$399	\$319
			4.50"			\$459	\$367

Discounts of up to 15% available—please see "The Fine Print"

Carpinus (con't)		Notes	Caliper	Height	Spread	1+	10+
Carpinus betulus 'Pendula'		pendulous branches, good winter interest, very limited	2.00"			\$224	\$179
			2.50"			\$263	\$210
			4.50"			\$527	\$422
			5.00"			\$606	\$485

Cedrus		Notes	Caliper	Height	Spread	1+	10+
Cedrus atlantica 'Aurea'		conical habit, short golden yellow needles, to 25'		8-10'		\$256	\$205
Cedrus atlantica 'Fastigiata'		becomes a large, dense upright column, blue-green needles		7'		\$244	\$195
				8'		\$280	\$224
				9'		\$322	\$258
Cedrus atlantica 'Glauca'		powder-blue needles, narrow in youth but at maturity 60' x 40', magnificent specimen plant		8-10'		\$282	\$226
				12-14'		\$381	\$305
				14-16'		\$437	\$350
				16-18'		\$503	\$403
				18-20'		\$578	\$462
Cedrus deodara		habit is generally pyramidal with a drooping leader, horizontal branching and graceful pendulous tips		6'		\$199	\$159
				7'		\$220	\$176
				8-10'		\$245	\$196
Cedrus deodara 'Aurea'		fast growing, golden yellow needles in the spring		8-10'		\$245	\$196
				10-12'		\$282	\$225
Cedrus deodara 'Bill's Blue'		broad pyramid with pendulous branches, blue-green needles		6'		\$208	\$167
				7'		\$239	\$192
				8-10'		\$245	\$196
Cedrus deodara 'Bush's Electric Blue'	NEW	slow growing, narrow upright habit, bright powder blue needles		6'		\$208	\$167
				7'		\$239	\$192
Cedrus deodara 'Shalimar'		soft blue color, graceful habit, selected for hardiness		14-16'		\$437	\$350
				16-18'		\$503	\$403
				18-20'		\$578	\$462
				20-22'		\$664	\$531
Cedrus libani 'Beacon Hill'		upright and narrow, bright yellow new growth fading to yellow-green, QTY 1		7'		\$354	\$283
				8'		\$406	\$325
				9'		\$467	\$374
Cedrus libani 'Glauca Pendula'		graceful, blue weeping form		12-14'		\$424	\$339
				14-16'		\$486	\$389

Cephalotaxus		Notes	Caliper	Height	Spread	1+	10+
Cephalotaxus harringtonia 'Fastigiata'		a rotund column, black-green leaves arranged in a spiral, like a bottlebrush		30-36"		\$110	\$88
				36-42"		\$127	\$102

Discounts of up to 15% available—please see "The Fine Print"

Cercidiphyllum		Notes	Caliper	Height	Spread	1+	10+
Cercidiphyllum japonicum 'Pendula'		graceful, weeping form	2.50"			\$263	\$210

Cercis		Notes	Caliper	Height	Spread	1+	10+
Cercis canadensis		multi-stem		6-8'		\$192	\$154
		multi-stem		8-10'		\$221	\$177
		tree form	2.00"			\$254	\$203
		tree form	2.50"			\$299	\$239
		tree form	3.00"			\$344	\$275
		tree form	3.50"			\$395	\$316
Cercis canadensis 'Forest Pansy'		purple leafed form, flowers rose-purple and open a little later than the species	2.00"			\$254	\$203
			2.50"			\$299	\$239
Cercis canadensis 'Lavender Twist'		weeping form, contorted stems with arching shoots, good winter interest	2.00"			\$344	\$275
			2.50"			\$395	\$316
			3.00"			\$455	\$364
Cercis canadensis 'Pink Heartbreaker'	NEW	pink flowered weeper, more upright than 'Lavender Twist', young leaves emerge red and turn to green, limited	2.00"			\$254	\$203
			2.50"			\$299	\$239
Cercis reniformis 'Oklahoma'		leaves open a soft pink, gradually maturing to glossy green, flowers a wine-red, to 20-30'	2.00"			\$254	\$203
			2.50"			\$299	\$239
			3.00"			\$344	\$275

Chamaecyparis		Notes	Caliper	Height	Spread	1+	10+
Chamaecyparis nootkatensis 'Glauca Pendula'		conical tree with pendulous green-blue foliage		6-8'		\$289	\$231
				8-10'		\$361	\$289
				10-12'		\$415	\$332
Chamaecyparis nootkatensis 'Green Arrow'		narrow form, branches sweep straight down close to the trunk and then form a skirt		6-8'		\$289	\$231
				8-10'		\$361	\$289
				10-12'		\$415	\$332
				12-14'		\$477	\$381
Chamaecyparis nootkatensis 'Pendula'		an elegant weeping tree with pendulous branches		6-8'		\$289	\$231
				8-10'		\$361	\$289
				10-12'		\$415	\$332
				12-14'		\$477	\$381
Chamaecyparis obtusa 'Blue Feathers'		dwarf, compact form, 2-4" per year, powder-blue foliage that stays in juvenile form for a very soft look		36-42"		\$161	\$129
				48"		\$184	\$147
Chamaecyparis obtusa 'Compacta'		dense broad pyramid		36"		\$136	\$109
				42"		\$162	\$129
				48"		\$187	\$149
				54"		\$214	\$171
				5'		\$267	\$214

Discounts of up to 15% available—please see "The Fine Print"

Chamaecyparis (con't)		Notes	Caliper	Height	Spread	1+	10+
Chamaecyparis obtusa 'Crippsii'		slow growing wide cone with drooping tips, golden fern-like foliage with good winter color		48"		\$185	\$148
				54"		\$206	\$165
				6'		\$271	\$217
Chamaecyparis obtusa 'Filicoides'		fern-like foliage, slow grower		5'		\$189	\$151
				6'		\$217	\$174
				7'		\$249	\$200
				8'		\$287	\$230
Chamaecyparis obtusa 'Gracilis'		dark green foliage, pyramidal form with tips that droop		54"		\$151	\$121
				5'		\$178	\$142
				6'		\$205	\$164
Chamaecyparis obtusa 'Gracilis Compacta'		slower than species, wide and dense conical habit		36"		\$136	\$109
				42"		\$162	\$129
				48"		\$187	\$149
				54"		\$214	\$171
				5'		\$246	\$197
Chamaecyparis obtusa 'Graciosa'		upright, broad, bright green lacy foliage		42"		\$123	\$98
				48"		\$145	\$116
				54"		\$171	\$137
Chamaecyparis obtusa 'Kosteri'		upright, semi-dwarf, lacy foliage with tiered branches, tips bronze in winter, protect from wind		24-27"		\$90	\$72
				27-30"		\$109	\$87
				30-36"		\$129	\$103
		fast form		48"		\$187	\$149
		fast form		54"		\$214	\$171
		fast form		5'		\$246	\$197
		fast form		6'		\$283	\$226
Chamaecyparis obtusa 'Nana Gracilis'		compact, medium green color, shiny new growth, dense irregular globe or mound with shell-shaped sprays, may be graded by height or spread		24-27"	24-27"	\$90	\$72
		may be graded by height or spread		27-30"	27-30"	\$109	\$87
		may be graded by height or spread		30-36"	30-36"	\$129	\$103
		may be graded by height or spread		36-42"	36-42"	\$155	\$124
		"Old, Old specimens"		48"	54"	\$323	\$258
Chamaecyparis obtusa 'Tempelhof'		a broad cone shape with dense olive-green fan shaped sprays of foliage on orange stems, can take light shade			36"	\$169	\$135
					42"	\$194	\$156
					48"	\$224	\$179
Chamaecyparis obtusa 'Verdoni'		compact, upright cone, golden colored soft needles that resist winter sunburn		30-36"		\$125	\$100
				36-42"		\$144	\$115
				42-48"		\$165	\$132
Chamaecyparis pisifera 'Cyano Viridis'		"Boulevard"—dense conical habit, juvenile foliage is soft silver-blue, tinged with purple in the winter		42"		\$179	\$143
				48"		\$206	\$165
				54"		\$237	\$189
				5'		\$272	\$218

Discounts of up to 15% available—please see "The Fine Print"

Chionanthus						
	Notes	Caliper	Height	Spread	1+	10+
Chionanthus virginicus	white flowers April/May, light fragrance, tolerant of air pollution, native		36"		\$90	\$72
			42"		\$103	\$82

Cornus						
	Notes	Caliper	Height	Spread	1+	10+
Cornus florida 'Cherokee Chief'	reddish new growth, ruby red bracts	2.00"			\$191	\$153
		2.50"			\$220	\$176
Cornus kousa var. chinensis	multi-stem		6'		\$192	\$154
	multi-stem		7'		\$221	\$177
	tree form	2.00"			\$191	\$153
	tree form	2.50"			\$220	\$176
Cornus kousa 'Weaver's Weeping'	strong weeper, white flowers		48"		\$167	\$134
Cornus kousa 'Wolf Eyes'	strong white, stable margins, leaves develop a wavy margin in full sun but retain their color, in the shade it brightens up a dark area of the garden	2.00"			\$314	\$251
		2.50"			\$369	\$295
Cornus mas 'Golden Glory'	tree form, branched at 2', deep green leaves, prolific bloomer even when young	2.50"			\$209	\$167
		3.00"			\$239	\$192
		3.50"			\$276	\$221
Cornus officinalis	similar to C. mas, blooms March/April, fruit ripens in September, very limited, QTY 4 very limited, QTY 2	5.00"			\$743	\$594
		6.00"			\$924	\$739
Cornus x 'Aurora'	white bracts, limited	2.00"			\$230	\$184
		2.50"			\$271	\$217
Cornus x 'Stellar Pink'	bracts broadly rounded, overlapping, white to soft pink depending on temperatures, limited	2.00"			\$230	\$184
		2.50"			\$271	\$217

Cotinus						
	Notes	Caliper	Height	Spread	1+	10+
Cotinus coggygria 'Grace'	leaves light red/purple when young, darken to blue/green, large pink panicles, red, orange, yellow fall color, to 20'		8'		\$146	\$117
			9'		\$168	\$134
Cotinus coggygria 'Royal Purple'	new growth a rich maroon red that deepens to purple red, great fall color, glows when backlit		48"		\$82	\$66
			54"		\$97	\$77
			5'		\$110	\$88

Cryptomeria						
	Notes	Caliper	Height	Spread	1+	10+
Cryptomeria japonica 'Radicans'	pyramidal form, glaucous blue/green needles, more compact and cold tolerant than 'Yoshino'		9'		\$165	\$132
			10'		\$194	\$156

Discounts of up to 15% available—please see "The Fine Print"

Cryptomeria (con't)		Notes	Caliper	Height	Spread	1+	10+
Cryptomeria japonica 'Yoshino'	pyramidal form, retains branching to the ground, bright green all year			6'		\$165	\$132
				7'		\$180	\$144
				8'		\$194	\$156
				9'		\$224	\$179
				10'		\$257	\$206

x Cupressocyparis		Notes	Caliper	Height	Spread	1+	10+
x Cupressocyparis leylandii	Leyland Cypress			6-8'		\$130	\$104
				8-10'		\$158	\$126
				10-12'		\$181	\$145

Cupressus		Notes	Caliper	Height	Spread	1+	10+
Cupressus arizonica 'Blue Ice'	frosty blue-gray foliage, wind resistant, tolerates poor, dry soils			6'		\$150	\$120
				7'		\$180	\$144
				8'		\$211	\$169

Fagus		Notes	Caliper	Height	Spread	1+	10+
Fagus sylvatica	columnar		2.00"			\$329	\$263
	columnar		2.50"			\$379	\$303
	spreading		2.50"			\$379	\$303
Fagus sylvatica 'Dawyckii' gold	narrow column with golden yellow leaves in the spring		2.00"			\$329	\$263
	QTY 2		2.50"			\$379	\$303
	QTY 2		3.00"			\$435	\$348
Fagus sylvatica 'Dawyckii' purple	leaves a deep purple		2.00"			\$329	\$263
Fagus sylvatica 'Pendula'	green weeping beech		2.00"			\$329	\$263
	very limited		2.50"			\$379	\$303
Fagus sylvatica 'Purple Fountain'	narrow upright growth habit, branches cascade downward off a central leader, purple leaves, limited		2.00"			\$329	\$263
			2.50"			\$412	\$330
Fagus sylvatica 'Purpurea Pendula'	weeping form, no central leader, the branches develop in a broad arch forming a wide mushroom shape, slow growing		2.50"			\$412	\$330
			3.00"			\$515	\$412
			3.50"			\$592	\$474
Fagus sylvatica 'Red Obelisk'	compact, pyramidal form, dark purple dissected leaves, new growth is red		2.00"			\$329	\$263
	very limited		2.50"			\$379	\$303

Discounts of up to 15% available—please see "The Fine Print"

Ginkgo						
	Notes	Caliper	Height	Spread	1+	10+
Ginkgo biloba 'Autumn Gold'	broad conical form with excellent golden fall color, considered one of the best cultivars, male	2.00"			\$225	\$180
		2.50"			\$265	\$211
		3.50"			\$378	\$302
		4.00"			\$433	\$346
	low branched at 2.5'	3.50"			\$378	\$302
	low branched at 2.5'	4.00"			\$433	\$346
Ginkgo biloba 'Chi Chi'	shrub form, has fan-shaped growth habit, slow growing, densely branched, only 15–20% the size of the species at maturity, QTY 1		54"		\$140	\$112
	QTY 1		5'		\$162	\$129
	QTY 1		6'		\$186	\$149

Halesia						
	Notes	Caliper	Height	Spread	1+	10+
Halesia tetraptera	aka "Carolina Silverbell", native, white bell-shaped flowers in April/May, good in the shade	2.00"			\$191	\$153

Hamamelis						
	Notes	Caliper	Height	Spread	1+	10+
Hamamelis vernalis	flowers yellow to red, late winter into March		42"		\$124	\$99
			48"		\$146	\$117
			54"		\$169	\$135
Hamamelis virginiana	yellow, fragrant flowers in the fall		42"		\$124	\$99
			48"		\$146	\$117
			54"		\$169	\$135
			5'		\$202	\$162
Hamamelis x intermedia 'Arnold Promise'	soft clear yellow flowers anywhere from mid-February to early April depending on the year		48"		\$146	\$117
			54"		\$169	\$135
			5'		\$202	\$162
			6'		\$235	\$188
Hamamelis x intermedia 'Firecracker'	large coppery orange-red flowers with a twisted purplish-red calyx cup, orange/yellow fall color		42"		\$142	\$113
			48"		\$146	\$117
			54"		\$169	\$135

Heptacodium						
	Notes	Caliper	Height	Spread	1+	10+
Heptacodium miconioides	"Seven-Son Flower"—butterflies love it, nice fragrance, white flowers, sepals change from green to rose-red, exfoliating bark		6'		\$148	\$119

Hydrangea						
	Notes	Caliper	Height	Spread	1+	10+
Hydrangea paniculata 'Grandiflora'	tree form, large white mostly sterile flowers that age to pink then purple, effective into September and October			42"	\$138	\$111
Hydrangea paniculata 'Kyushu'	shrub form, upright form, vigorous, lush foliage, abundant blooms in July		48"		\$89	\$71
	shrub form		54"		\$102	\$82

Discounts of up to 15% available—please see "The Fine Print"

Hydrangea (con't)						
	Notes	Caliper	Height	Spread	1+	10+
Hydrangea paniculata 'Limelight'	tree form, flowers are whitish-green when emerging, becoming either more green or white depending on heat, inflorescences seem to weep, similar in form to 'Grandiflora'			42"	\$138	\$111
	tree form			48"	\$178	\$142
	shrub form		42"		\$76	\$61
Hydrangea paniculata 'Pink Diamond'	tree form, large white flowers that turn a rich pink			42"	\$138	\$111
	tree form			48"	\$178	\$142
	tree form, available after the spring flush			54"	\$204	\$163
Hydrangea paniculata 'Snow Mountain'	tree form, large full panicles, glossy leaves, blooms early on new wood, can be pruned in spring without affecting summer bloom			42"	\$138	\$111
	tree form			48"	\$163	\$130
	shrub form		48"		\$89	\$71
	shrub form		54"		\$102	\$82
Hydrangea paniculata 'Tardiva'	tree form, late blooming from August into September, large white flowers that fade to pink with age and cooler temperatures			42"	\$138	\$111
	shrub form		42"		\$76	\$61
Hydrangea paniculata 'Unique'	shrub form, large pure-white sterile florets, inflorescences up to 16" long		48"		\$89	\$71
Hydrangea quercifolia 'Snow Queen'	more compact than the species, 6–8" white inflorescences change to pink as they mature, good fall color		36"		\$86	\$69

Ilex						
	Notes	Caliper	Height	Spread	1+	10+
Ilex 'Blue Maid'	column		42"		\$131	\$105
	column		48"		\$151	\$120
	column		54"		\$173	\$139
Ilex 'Blue Prince'			42"		\$131	\$105
			48"		\$151	\$120
Ilex 'Centennial Girl'	narrow pyramid, almost columnar		5'		\$241	\$193
			6'		\$277	\$221
	limited		7'		\$319	\$254
Ilex 'Dr. Kassab'	broad pyramid, beautiful dark green foliage, red berries, to 15–20'		7'		\$374	\$299
			8'		\$467	\$361
Ilex 'Dragon Lady'	deer resistance		5'		\$194	\$155
	deer resistance		6'		\$223	\$179
	deer resistance		7'		\$268	\$214
	deer resistance		8'		\$335	\$268
	deer resistance		9'		\$322	\$257
	straight columns, ideal for hedging		5'		\$194	\$155
	straight columns, ideal for hedging		6'		\$223	\$179
	straight columns, ideal for hedging		7'		\$268	\$214
Ilex 'John T. Morris'	dense pyramid, almost black-green foliage		7'		\$280	\$224
			8'		\$350	\$280

Discounts of up to 15% available—please see "The Fine Print"

		limited		54"		\$171	\$137
		limited		5'		\$203	\$163

Discounts of up to 15% available—please see "The Fine Print"

Ilex (con't)		Notes	Caliper	Height	Spread	1+	10+
Ilex x koehneana 'Lassie'	female, pyramidal habit, long glossy leaves with short spines, shiny red berries			48"		\$144	\$115
				54"		\$171	\$137
				5'		\$203	\$163
Ilex x koehneana 'Loch Raven'	male, dark olive green leaves, spines moderate			48"		\$144	\$115
				54"		\$171	\$137

Juniperus		Notes	Caliper	Height	Spread	1+	10+
Juniperus communis 'Gold Cone'	upright columnar habit, foliage tipped with bright yellow			48"		\$126	\$101
Juniperus communis 'Suecica Nana'	very narrow upright habit, leaves a silvery-bluish gray, similar to 'Compressa'			48"		\$109	\$87
				54"		\$130	\$104
				5'		\$156	\$125
Juniperus squamata 'Blue Star'	mound of dense blue foliage changing to a purplish heather-blue in winter				27-30"	\$84	\$67
					30-36"	\$97	\$77
Juniperus virginiana 'Hillspire'	slow growing pyramid, bright green foliage even in winter			6'		\$233	\$186
				7'		\$268	\$214

Magnolia		Notes	Caliper	Height	Spread	1+	10+
Magnolia 'Ann'	deep rose outer petals, lighter pink inside			54"		\$121	\$97
				5'		\$143	\$114
Magnolia 'Betty'	deep purple-red on the outside of the flower, lighter inside, copper-red new growth, very limited			6'		\$174	\$139
				7'		\$201	\$161
				8'		\$231	\$185
Magnolia 'Centennial'	white buds, white flower with a light-pink tinge on the outside			5'		\$143	\$114
				6'		\$174	\$139
				7'		\$201	\$161
				8'		\$231	\$185
Magnolia 'Galaxy'	multi-stem, dark red-purple buds open to a lighter shade on the outside with a light rose-purple inside, limited			10-12'		\$333	\$266
	single-stem	2.00"				\$179	\$143
	single-stem	2.50"				\$205	\$164
Magnolia 'Jane'	dark purple outer petals, white inside			6'		\$174	\$139
				7'		\$201	\$161
Magnolia 'Royal Star'	pinkish buds, white flowers			5'		\$143	\$114
				6'		\$174	\$139
				7'		\$201	\$161
				8'		\$231	\$185
Magnolia virginiana	flowers creamy white, native			6'		\$185	\$148
				7'		\$213	\$171

Discounts of up to 15% available—please see "The Fine Print"

Magnolia (con't)		Notes	Caliper	Height	Spread	1+	10+
Magnolia virginiana 'Moonglow'		upright growth habit, semi-evergreen, undersides of the leaves are silver-blue		5'		\$161	\$129
				6'		\$185	\$148
				7'		\$213	\$171
Magnolia 'Waterlily'		white flowers, very fragrant		5'		\$143	\$114
				6'		\$174	\$139
				7'		\$201	\$161
				8'		\$231	\$185

Metasequoia		Notes	Caliper	Height	Spread	1+	10+
Metasequoia glyptostroboides		"Dawn Redwood"		6-8'		\$199	\$159
				8-10'		\$249	\$199
			QTY 1	12-14'		\$311	\$249
Metasequoia glyptostroboides 'Gold Rush'		aka 'Ogon'—slower than other cultivars, bright yellow foliage		8-10'		\$249	\$199
				10-12'		\$311	\$249
				12-14'		\$389	\$311

Physocarpus		Notes	Caliper	Height	Spread	1+	10+
Physocarpus opulifolius 'Diablo'		"Ninebark"—reddish purple foliage that retains its color in the summer, flowers pink to white		48"		\$102	\$82
				54"		\$118	\$94
Physocarpus opulifolius 'Summer Wine'		compact form but still quite vigorous, foliage wine-red to bronze-red with pinkish flowers		48"		\$102	\$82
				54"		\$118	\$94

Picea		Notes	Caliper	Height	Spread	1+	10+
Picea abies		"Norway Spruce"		6'		\$123	\$98
				7'		\$141	\$113
				8'		\$162	\$130
Picea abies 'Acrocona'		slow growing irregular shrub, broad spread, long red cones		48"		\$189	\$151
				54"		\$217	\$174
				5'		\$250	\$200
Picea abies 'Cupressina'		narrow, columnar habit with upward spreading branches		10'		\$413	\$330
				11'		\$474	\$380
				12'		\$546	\$436
				13'		\$627	\$502
Picea abies 'Farnsburg'		a dwarf weeping evergreen, green needles, slow growing, staked		48"		\$188	\$150
				54"		\$216	\$173
				5'		\$248	\$199

Discounts of up to 15% available—please see "The Fine Print"

Picea (con't)		Notes	Caliper	Height	Spread	1+	10+
Picea abies 'Glauca Pendula'	staked, with a heavy skirt, pendulous branches with blue-green needles			5'		\$189	\$151
				6'		\$217	\$174
				7'		\$250	\$200
				8'		\$331	\$265
				9'		\$380	\$304
				10'		\$475	\$380
Picea abies 'Pendula'	weeping habit that stays low unless staked, dark green needles			5'		\$189	\$151
				6'		\$217	\$174
				7'		\$250	\$200
Picea abies 'Pendula Upright Blue'	staked, dark blue-green needles that cascade to the ground			5'		\$217	\$174
				6'		\$250	\$200
				7'		\$288	\$230
				8'		\$331	\$265
				9'		\$380	\$304
Picea abies 'Weeping Blue'	staked, weeps to form a skirt, dark blue-green needles			5'		\$217	\$174
				6'		\$250	\$200
				7'		\$288	\$230
				8'		\$331	\$265
Picea likiangensis 'Purpurea'	"Likiang Spruce"—broad conical form, cones are purple-violet when young			7'		\$271	\$217
Picea omorika	"Serbian Spruce"—will tolerate dry and drought conditions better than most spruce, resistant to disease and pests			8'		\$326	\$260
				9'		\$391	\$312
	very limited, QTY 1			10'		\$469	\$375
Picea omorika 'Pendula Bruns'	very narrow with strongly pendulous side branches			5'		\$189	\$151
				6'		\$217	\$174
Picea orientalis	"Oriental Spruce"—dense, compact, narrow pyramid, very graceful, tolerant of poor soils			5'		\$189	\$151
				6'		\$217	\$174
Picea orientalis 'Skylands'	very slow first few years then takes off, 12" per year, tall conical habit, outer needles bright yellow year round, inner needles are a dark green that makes the yellow really stand out			5'		\$189	\$151
				6'		\$217	\$174
				7'		\$250	\$200
Picea pungens 'Baby Blue'	seed grown cultivar from Canada, retains its powder-blue color well throughout the year, uniform growth, named for the color not its size, this is not a dwarf			6'		\$226	\$181
				7'		\$272	\$217
				8'		\$326	\$261
Picea pungens 'Baby Blue Eyes'	slow growing, grafted cultivar, a semi-dwarf that is wider at maturity than tall, sky blue needles			7'		\$271	\$217
				8'		\$326	\$260
				9'		\$391	\$312

Discounts of up to 15% available—please see "The Fine Print"

Picea (con't)		Notes	Caliper	Height	Spread	1+	10+
Picea pungens 'Bakeri'		slower growing than 'Hoopsii' but otherwise very similar form and color		5'		\$189	\$151
				6'		\$227	\$181
				7'		\$272	\$217
				8'		\$326	\$261
				9'		\$391	\$313
				10'		\$470	\$376
				11'		\$564	\$451
Picea pungens 'Bizon Blue'		conical shape, dense growth, one of the best blues		8'		\$326	\$261
				9'		\$392	\$313
				10'		\$470	\$376
				11'		\$564	\$451
				12'		\$677	\$541
Picea pungens 'Egyptian Blue'	NEW	very compact and very slow, broad pyramid with silver-blue needles			27-30"	\$118	\$94
					30-36"	\$142	\$113
Picea pungens 'Fastigiata'		upright, narrow form with ascending branches, good blue needle color		5'		\$189	\$151
				6'		\$227	\$181
				7'		\$272	\$217
				8'		\$326	\$261
				9'		\$391	\$313
				10'		\$470	\$376
				11'		\$564	\$451
		12'		\$676	\$541		
Picea pungens 'Fat Albert'		broad pyramid, silvery blue needles		6'		\$227	\$181
				7'		\$272	\$217
				8'		\$326	\$261
				9'		\$391	\$313
				10'		\$470	\$376
				11'		\$564	\$451
				12'		\$677	\$541
Picea pungens 'Glauca Globosa'		broad, compact, silvery blue needles			30"	\$106	\$85
					36"	\$128	\$102
					42"	\$153	\$122
					48"	\$184	\$147
					54"	\$220	\$176
					5'	\$264	\$212
Picea pungens 'Glauca Procumbens'		irregular form that spreads along the ground, can be trained as a standard, quite sculptural			42"	\$184	\$147
		very limited, QTY 3			48"	\$221	\$176
Picea pungens 'Hoopsii'		bright silver-blue foliage with needles that point forward almost hiding the light brown stems		5'		\$189	\$151
				6'		\$227	\$181
				7'		\$272	\$217
				8'		\$326	\$261
				9'		\$392	\$313
				10'		\$470	\$376
Picea pungens 'Iseli Fastigiata'		narrow, upright form		6'		\$226	\$181

Discounts of up to 15% available—please see "The Fine Print"

Picea (con't)						
	Notes	Caliper	Height	Spread	1+	10+
Picea pungens 'Montgomery'	compact, broad pyramid, silvery blue needles			30"	\$106	\$85
				36"	\$128	\$102
				42"	\$153	\$122
Picea pungens 'Thomsen'	pyramidal form, whitish silver-blue foliage that is twice as thick as other cultivars, one of the best		6'		\$227	\$181
			7'		\$272	\$217
			8'		\$326	\$261
Picea pungens 'Thume'	slow growing, compact mound, powder-blue foliage			30"	\$118	\$94
				36"	\$139	\$111
				42"	\$161	\$129

Pinus						
	Notes	Caliper	Height	Spread	1+	10+
Pinus cembra 'Blue Mound'	slow growing, low and mounding, soft blue needles, 3' x 2' in 10 years, very hardy			36"	\$119	\$95
				42"	\$137	\$110
Pinus cembra 'Glauca'	small pyramidal tree with blue-green needles, very slow, perfect for the small garden		42"		\$134	\$107
			48"		\$154	\$123
Pinus densiflora 'Tanyosho Compacta'	dwarf, flat-topped form with short, thin, bright green needles			42"	\$101	\$81
				48"	\$116	\$93
				54"	\$134	\$107
Pinus flexilis 'Cesarini Blue'	slow growing, compact pyramid with slate blue needles, much bluer than 'Vanderwolf's Pyramid'		54"		\$160	\$128
			5'		\$189	\$151
			6'		\$217	\$174
Pinus flexilis 'Vanderwolf Pyramid'	dense uniform habit, blue foliage, adapts to a wide range of conditions		48"		\$134	\$107
			54"		\$154	\$123
			5'		\$177	\$142
			6'		\$203	\$163
			7'		\$234	\$187
			8'		\$268	\$215
			9'		\$309	\$247
Pinus koraiensis 'Oculus Draconis'	long green needles with yellow banding that radiates from the stem and then twist downward giving it the appearance of weeping		6'		\$218	\$174
			7'		\$250	\$200
			8'		\$288	\$230
Pinus leucodermis 'Compact Gem'	slow growing dwarf with a slender, dense, conical shape, drought and salt tolerant		30-36"		\$135	\$108
			36-42"		\$155	\$138
Pinus nigra 'Arnold Sentinel'	narrow upright conical habit, needles also have an upright habit, heat and drought tolerant, good choice for coastal areas		5'		\$178	\$142
			6'		\$204	\$163
			7'		\$235	\$188
			8'		\$270	\$216

Discounts of up to 15% available—please see "The Fine Print"

Pinus (con't)		Notes	Caliper	Height	Spread	1+	10+
Pinus parviflora 'Gimborn's Ideal'	NEW	silvery-blue and light green needles, upright habit in youth, broadens with age, slow growing		42"		\$134	\$107
				48"		\$154	\$123
Pinus parviflora 'Glauca'		small irregular pyramid, long twisted silver-blue needles and persistent cones		5'		\$189	\$151
				6'		\$217	\$174
Pinus parviflora 'Tempelhof'		pyramidal growth habit, short very blue needles, strong grower, to 5-8'		48"		\$154	\$123
				54"		\$177	\$141
Pinus strobus 'Blue Shag'		slow growing, 4" per year, dense, rounded habit, and silver-blue needles very limited, QTY 1			30-36"	\$97	\$77
					48-54"	\$111	\$89
Pinus strobus 'Fastigiata'		semi-dwarf, columnar habit with ascending branches, unusual for the species, deer resistant		5'		\$189	\$151
				6'		\$217	\$174
				7'		\$250	\$200
				8'		\$287	\$230
Pinus strobus 'Horsford Dwarf'		blue-green needles, very dense, flat bun shape			27-30"	\$105	\$84
					30-36"	\$120	\$96
Pinus strobus 'Louie'		golden needles all season, narrow habit		10'		\$359	\$287
				11'		\$412	\$330
Pinus strobus 'Pendula'		irregular form, horizontal branching with pendulous branchlets, very sculptural with its long, twisting blue-green needle cluster		6'		\$217	\$174
				7'		\$250	\$200
Pinus strobus 'Vercurve'		compact dwarf form, soft blue-green needles that twist, dense, globose when young, develops into a broad pyramid			30-36"	\$97	\$77
					36-42"	\$111	\$89
Pinus wallichiana 'Frosty'		upright habit, long green needles with creamy yellow banding, long cones		48"		\$166	\$133
				54"		\$191	\$153
				5'		\$220	\$176

Prunus		Notes	Caliper	Height	Spread	1+	10+
Prunus laurocerasus var. schipkaensis		West Coast, upright clone		42"		\$79	\$63
		West Coast, upright clone		48"		\$86	\$69
Prunus laurocerasus 'Zabeliana'		tolerates heavy shade, narrow willow like leaves			48"	\$97	\$77
Prunus serrulata 'Kwanzan'		dbl pink flower	2.00"			\$150	\$120
Prunus serrulata 'Snowgoose'		white flowers, upright oval habit that broadens with age	2.00"			\$150	\$120
Prunus subhirtella var. pendula		'Plena Rosea', deep pink, long lasting blooms	2.50"			\$249	\$199
			3.00"			\$311	\$249
Prunus x yedoensis 'Yoshino'		white flowers tinged with pink, fragrant, blooms March/April	2.00"			\$150	\$120
