

Annual Candlelight Vigil 2015

Monday June 1st, 2015

HBIA's Candlelight Vigil proved to be a GREAT success. Surprisingly a cool afternoon and evening but many turned out for the event.

Survivor members helped set up, BBQ'd everyone a tasty dinner. A big thank you to Gord, Dave, Jan, Marjorie, Maryann, Cass and Ann!!

Gord Lane, thanked everyone for attending the Vigil and presented the speakers for the evening: Cass Heller and Marjorie Cooper

Marjorie shared her personal story relating it to everyday life and it's complications. She expressed her challenges and successes after obtaining a brain injury. She told of how lucky she was in having such amazing supports and people who stuck by her through all the good and bad. Some of those friends and family were in attendance. Thank you Marjorie for sharing your story and inspiring others.

Cass shared how his life appeared before during and after he sustained a brain injury. Describing how life can prove to be complicated but there are many things that should not be taken for granted and true success can be reached after a head injury. Thank you Cass for reminding us to be thankful for what we have in life, even the little things.

**A HUGE Thank You to Carl's Choice Meats for
their generous donation of hamburgers and hotdogs!!!**
