

# PRAY FOR NEPAL

## 2015 Earthquake Disaster Prayer Guide

- Pray for basic shelter, water and food. It's a high priority right now since no one is allowed back in their homes. The nights are cold and monsoon season can start any day now.

- Pray for His people to deeply know His comfort and peace during this time. Pray that they will share the One who is our Hope and our Firm Foundation with those around them.

- Pray for the continuing aftershocks and aftermath of this disaster. Southern Baptist assessment teams are surveying the damage to find the best ways to respond.

- Pray for the government leaders, utility workers and road crews as they work to get the roads cleared and electricity restored.

- Pray for those in the medical field to have renewed strength as they work round the clock.

- Pray for the families of those who have lost loved ones to experience the love of Christ through those who know Him.

- Pray for the widows and orphans who do not have family members to help them at this time.

- Pray for Christian workers to daily be renewed in His strength as they look to the One who gave His life for them.
- Pray for the Nepali Diaspora working abroad who do not have any communication with their families in Nepal and are concerned about their care. Pray that the Church around the world would minister to them at this time.
- Pray for those coordinating disaster relief leaders as they make crucial decisions of where help is needed most.

To make donations for first response items like basic survival needs of water, shelter, food and healthcare, go to Baptist Global Response's donation form and choose "Where Needed Most" Funds. [ <http://gobgr.org/donate> ]
