

# Mobility and Medical Missions Collection

Each year in January we host a FREE outreach to individuals and families living with disabilities in Belize featuring faith filled and fun activities as well as the distribution of mobility items and medical supplies!

In turn, we are collecting individual items like manual and power wheelchairs, walkers, crutches and canes as well as surgical gloves, bed pads, diapers, tube feeding formula and catheters that might be needed.

We ship everything to Belize in large containers and it takes a lot of these items to fill each one. Will you help us meet this need by donating?

**COLLECTION DATE: June 18, 2016**
