MADISON LOS CEDROS LIBRARY REPORT

BAKERY AND PIZZA PROJECT- EXCHANGE
OF IDEAS BETWEEN LIBRARIES

Friday, July 1st 2016

second session
Recipe: Ham and cheese
pizza .

The activity in Los Cedros was attended by 4 boys and 7 girls between the ages of 11 and 12 years. Their expectations were very good, they felt good and are learning many new things. They participated preparing the ingredients such as flour , eggs , butter , baking powder and knead the dough. then ADDING other ingredients such as ham, cheese, tomato, onion and sweet pepper , they were very thoughtful and with great desire to learn, we liked their spirit and joy, that motivates us to continue to empower children and youth. Everything was very nice with the new activity, thanks to further promote children 's interest in learning !

Learning achievements: children learn to work together and work with the consumables. They measured the ingredients following the safety and hygiene all the time. all together prepared pizza and loved this activity.

comments

Heysell (11 years old): “My experience of making pizza was very amazing when knead the dough and then when the bake, I thank the donors of this kind of bakery for allowing us the honor to learn a new class, I give thanks to Wisconsin and donors. For the next class we want to make lemon crepes . ”

Kristel (11 years old): “This class was amazing because I learned to make pizza because I love cooking thanks to donors of this project. “

Dere (11 years old): “Today Friday was excellent because we made pizza and learned to knead the dough , cut ham, crumble cheese and many other ingredients , for the next class we want to do lemon crepes”

Heysell (12 years old):

"I am very happy because my dream was to learn how to make pizza and share it with my family. I am grateful to you and Wisconsin for helping us with this project because we can learn so many things to do like pizza, cookies and would like to learn how to make lemon crepes"

Noelia (13 years old):

"I loved to make pizza with the explanation of teacher Karla who teaches us with great patience and love. I thank the people who are supporting this project."

Génesis (12 years old):

"For me it was very well because we learned to make pizza and we all participated, I would like you to come back so that we can learn more. Thank you for coming. I am thankful to Wisconsin and to people who donated the materials to learn."

Ashley (12 years old):

"What I like most of the class was the way teacher Karla explained and teach us to make pizza. I was happy for the teaching she gave us, is the first time I make my own pizza. I am very grateful to teacher Karla and Jael for their time and patience. Huge thanks to Wisconsin and the donors. "

Isaac (11 years old):

"Well, I learned how to prepare pizza and would like to have a new experience of making lemon crepes but only God and donors decide if we will have another meeting . Thank you, I remain delighted with everything we did today . "

Derling (12 years old):

"Today was very nice, we made pizza with ham and cheese was fun because we all participate in kneading the dough, and the other procedures. In the next class I would like to cook lemon crepes."

"In each activity we have with children I feel very happy because they are assimilating the learning process. We observe changes in children mainly with a lot of discipline and order.

For us, this is one more reason to keep learning and through written evaluations they are improving their way of expressing their feelings. Good organization of the team is critical to the project. "

-Jaël

"In this second meeting with the children of Los Cedros, we saw how they have that spark of wanting to learn more and get a lot of patience in every recipe. That encourages us to give more of ourselves and share new teachings in each place or Learning Center we on behalf of the Organization Wisconsin/Nicaragua, directed from here by Mirna, supported by us and funded by Wisconsin donors, But, I have to say everything is not perfect and we have to change some things, one of which is the danger to move the gas cylinder back and forth from the Office, at some point we go by bus and can not carry it on buses, we need more commitment from Los Cedros LC in this bakery project to be successful. It remains for me to say that we have to put love, faith, strength of spirit and tolerance in every step we take. Thank you for your love and support for this noble project. "

-Teacher Karla
