

Editorial Assistant for Acta Biomaterialia (Pittsburgh)

The journal [Acta Biomaterialia](#) is currently looking to fill a 50% editorial assistant position. The position would fit well for someone with a bioengineering undergraduate or graduate degree looking for a position with relatively flexible hours and involving scientific publishing.

Please contact Dr. William Wagner directly if you are interested or you know of someone who might be interested. Dr. Wagner is the Chief Editor of Acta Biomaterialia - wagnerwr@upmc.edu

This posting is adapted from an email from Dr. Sanjeev Shroff, the chair of Pitt's Bioengineering Department.
