Oak Facts

- The Oak is our National Tree
- The White Oak is the State Tree of Illinois (as well as other states)
- About four hundred species of oaks grow worldwide
- 100 species of oak are native to US
- Oaks occur naturally in all but one of the contiguous states (Idaho)
- The Oak genus has the most species, the most individual trees, and the widest distribution of hardwood trees in the US
- 20 species of oak are native to Illinois (around 10 species available commercially)
- Oaks in northern climates adapted with smaller acorns that mature faster, ensuring more success in shorter northern growing seasons

The true meaning of life
is to plant trees, under
whose shade you do not
expect to sit.
