The California Republican Assembly (CRA) is the oldest grass-roots volunteer organization within the state's Republican party. Chartered in 1934, we have long been an influential voice for the conservative principles which have made America the most revered nation in the world. Responsible social, fiscal and domestic legislation. A strong national defense policy. The preservation of our constitutional freedoms. And equal opportunity for all through unrestrained support of the free enterprise system. To name just a few. Our membership is comprised of active business and community leaders representing more than 100 regional units throughout California. A powerful political force of concerned citizens who have come together to contribute their talents, ideas and resources in pursuit of a common goal . . . to prevent the gradual fraying of our country's moral and economic fabric.

We strongly encourage you to join the SBRA today and help keep liberal politicians and special interest groups from stripping America of her pride and distinction. After all, the best form of government is that which is closest to it's people.
