Phone Number _____ Email Address _____

Please choose one or multiple options (you may split acres if you own some acres, lease others, etc.)

Option 1: I commit to pay dues on all APNs listed on this form (_____ acres) for the 4-year duration of this program.

Option is for growers who own the property or whose lease term covers the 4 year commitment period.

Option 2: I have a lease for less than 4 years on the APNs listed in the attached (_____ acres) but the landowner has committed to pay dues, or have any subsequent lessee pay dues, for the years I do not lease the property.

Option for growers with lease less than 4 years, but with written approval from the landowner that the ranch will remain in the Cooperative Groundwater Program for any subsequent lease(s).

Option 3: I commit to enroll and pay dues for the 4-year Groundwater Cooperative program on _____ acres.

This option is for growers who own or lease land and expect to farm the same number of acres for 4 years, regardless of whether they lease the same land or different land.

Sum of Irrigated Acreage to Enroll for Four Year Program

Use worksheet on reverse side and provide acreage, APN and County for each parcel.

+

Total Acreage Fees @ \$6 per acre (calculate on reverse)

Represents estimated 50% of the four-year cost of the program. \$6 balance (or less) invoiced at a later date.

=

Total Due

The undersigned owner and/or operator ("owner/operator") of irrigated farmland located within the geographic boundaries of the Central Coast Groundwater Cooperative understands that the Central Coast Regional Water Quality Control Board ("Central Coast Water Board") has recently approved a cooperative groundwater plan for administering the groundwater monitoring terms and conditions in Waiver of Waste Discharge Requirements for the northern Central Coast Growing region. (Order No. R3-2012-0011, and associated monitoring and reporting program orders (R3-2012-0011-01, R3-2012-0011-02, and R3-2012-0011-03 ("Orders"))).

The undersigned owner/operator also understands that it is his/her responsibility to know and understand the terms and conditions contained in the Orders, and that failure to comply with the Orders terms and conditions may subject the owner/operator to removal from the Central Coast Groundwater Cooperative and could subject the owner/operator to enforcement action taken by the Central Coast Water Board. With these understandings, the undersigned owner/operator hereby elects to participate in the Central Coast Groundwater Cooperative to meet the groundwater monitoring requirements contained in the Orders, and hereby elects to comply with such requirements accordingly. Owner/Operator understands that voluntary participation in the CCGC only provides for compliance of the groundwater monitoring provisions of the Orders and does not substitute for compliance with any other provisions contained in the Orders. Owner/operator understands that membership dues are charged to cover the cost of administering the CCGC activities required to fulfill obligations contained in the Orders specifically associated with groundwater monitoring requirements. A detailed accounting of activities covered by these membership dues will be made available to members periodically, and are available to all CCGC members on request. Owner/Operator upon ten (10) days prior written notice to CCGC may withdraw its election to participate. Upon withdrawal, Owner/Operator will no longer be entitled to coverage as member of the CCGC.

_____ Sum of Acres

_____ x \$6 per acre = \$ _____
Total Acreage Fees for first 1/2 of Program cost.

Do you have a replacement water source or have you discontinued use of a domestic well for drinking water purposes on any of your wells? *Note: response to this not mandatory. If you choose to answer, we will share this information with the Regional Board in an effort to help them understand that there's no drinking water concern on this/these wells and may note this anecdotally and anonymously in our materials.*

Yes: I've replaced or discontinued supplying drinking water from domestic supply wells on these ranches (optional):
