

Autism Conversation

Medication and Behavior

Medication and Behavioral Intervention in the Treatment of Behavior Challenges

This presentation will focus on the integration of medical and behavioral treatment approaches, as well as the benefits of interdisciplinary care and care coordination. Concepts will also be illustrated through case examples.

Ernie Pedapati, MS, MD, FAAP

Laura Srivorakiat, PsyD

When: Thursday, August 11 from 6-8pm

Where: The Kelly O'Leary Center Room 5.201

Ernie Pedapati is a board certified pediatrician and child psychiatrist in the Division of Child and Adolescent Psychiatry and the Division of Neurology. Dr. Pedapati is a consulting physician for severe behavior concerns in children with autism spectrum disorder and other developmental disorders for the Division of Developmental and Behavioral Pediatrics. Dr. Pedapati's research interest include the brain and motor function of children with autism spectrum disorder.

Laura Srivorakiat is a Staff Psychologist in The Kelly O'Leary Center for Autism Spectrum Disorders and the Division of Developmental and Behavioral Pediatrics at Cincinnati Children's Hospital Medical Center. In this role, she provides treatment for families who have children with co-occurring developmental concerns and behavioral challenges. Dr. Srivorakiat is also a training specialist in the University of Cincinnati University Center for Excellence in Developmental Disabilities.

Please RSVP to Carole at cwillenborg@autismcincy.org

Autism Conversations are meant to increase knowledge and stimulate dialogue on topics of interest. All speakers will discuss the identified topic from 6:00-7:30pm, and from 7:30-8:00pm, parents and professionals will be encouraged to network and speakers will be available to answer questions.

If you have any questions about the Autism Conversations, please contact Margi McCarthy at

mmccarthy@autismcincy.org or call 513-561-2300.
