

This training is an awesome way to get prepared and be able to minister physically to someone in need. To inquire about holding a class, please contact Carrie at info@safetyfirstjax.com or 904-434-6032. Safety First is also looking for a couple churches who would be interested in hosting one of their Babysitting Safety Certification courses for youth/teens. This is a great opportunity to partner with them for some exposure and a discount price for your youth! Contact Carrie for more info.
