Mrs. Miriam Liff

"I was sent to Chicago for high school because TAM did not exist; therefore even though my daughters have graduated I continue to work on TAM projects. I want Milwaukee to have a high school for our community's girls."

Miriam Liff said this at a recent TAM Chessed Melave Malkah. This concept epitomizes Miriam's approach to life- if she thinks something should happen, she gives of her time and energy to support the endeavor. Mrs. Miriam Liff has been on our board for over ten years and chaired our fundraising committee for many of those years. She planned this banquet, without giving a second thought as to whether she "should" have to chair the banquet at which she is honored. TAM has been the constant beneficiary of her giving nature that has no limits. Miriam seems to have an intuitive radar for sensing when people have needs, and all of those needs are actively addressed by her. The Liff home is a center of chessed for the community, and without a doubt Miriam is the director!

Mrs. Suzanne Zigun

Mrs. Suzanne Zigun has taught science at Torah Academy of Milwaukee for nineteen years. To paraphrase the song from the Pesach- it would be enough if Mrs. Zigun taught biology and went home, it would be enough if Mrs. Zigun taught biology and physical science the same way year after year, but she goes to continuing education classes and tweaks her courses every year; it would be enough if Mrs. Zigun attended retreat a few times, but she comes every year. It would be enough if she went to retreat and was a responsible caring chaperone, but she writes and sings a gramman to everyone's delight late at night every year. It would be enough if Mrs. Zigun randomly helped out on field trips, but she drives for at least one field trip every year. It would be enough if Mrs. Zigun went to the Lag B'Omer BBQ and was helpful, but she grills the food. Mrs. Suzanne Zigun is a staff member at TAM that gives of all of her energy and resources for our school. She sets the bar for all of us when it comes to going beyond what is enough.
