Handmade.
Tula Hats are made of tightly hand-woven palm and are sewn with lock stitches, giving you a quality product that is a cut above mass-produced hats. Variations in color or weave are natural and not considered a flaw. Each hat is unique and brim sizes will vary.

Packable.
Palm is pliable and can be packed in a suitcase with articles of clothing stuffed in and around the crown of the hat.

Original Designs.
All designs are Tula Hats originals, created and produced in a traditional manner started nearly four centuries ago in Mexico.

Minimal Environmental Impact.
Palm is a sustainable fiber that is harvested locally twice a year in the traditional manner of the western coast of Mexico.
