"I cherished the opportunity to immerse myself in the Tel Aviv/Bat Yam culture as I lived and worked there on a daily basis and I had a great experience interning at a place that will help me further my eventual career as a teacher." -Emily Greenberg '15

"This trip to Israel was one I will never ever forget, and I will be talking about it forever. Onward Israel not only gave me the opportunity to explore an incredible country, but at the same time I was able to work with a group of people who taught me so many things that will help further my career; things I will never forget."
