

SAFE HOSPITALITY

SAFE Hospitality is coming to Winkler!

SAFE Hospitality is an injury prevention association administered by the Manitoba Tourism Education Council (MTEC). The program is financed through a surcharge paid by restaurants and food service establishments who are registered with the WCB in subgroup 70106.

On September 24, 2015, SAFE Hospitality is offering some basics safety sessions at the Quality Inn, 851 Main Street, in Winkler, Manitoba. These sessions are **complimentary** to the Restaurant & Foodservice sector registered with WCB, rate code 70106. For companies outside this rate code we are offering a **2-for-1 deal!** One session for \$24.50, or both sessions for \$49.00! These sessions are regular \$49.00 each!

Supervisor/Manager Safety Roles & Responsibilities - 9:00am-12:00pm

A "supervisor" means a person who has charge of a workplace or authority over a worker". Workers are often promoted or work their way up to Supervisor/Management positions through knowledge, experience, or seniority. They are very often not informed of their safety roles and responsibilities and are unaware they could be held criminally responsible for any safety incidents that occur under their direct supervision, or in their department. Section 4.1 of the Manitoba Workplace Safety and Health Act clearly defines the duties and obligations all supervisors/managers should know in regards to safety and health in the workplace.

Safety Committee/Representative Basics - 1:00pm-5:00pm

In Manitoba provincially regulated workplaces with more than 20 employees are required by law to have a functioning Safety & Health Committee. As of April 2014, workplaces where there are 5 or more employees, a worker safety representative must be designated. Legislation states "all safety committee members (where no committee exists, the representative) must receive adequate training so that they understand their roles and responsibilities and so they are equipped to aid in the development and implementation of a workplace safety and health program."
