

McPherson Conducts 35th Annual Christmas Food Drive

The McPherson Club served about 700 persons with boxes of food during the club's annual Christmas Food Basket Project on Dec. 12th. This was the 35th year the club has held a food drive to collect food and then package and distribute it. The club had lots of volunteers from different walks of life and had a great time doing it. What they had left over was donated to the local food bank.
