

completed by our team. We also provided sheets and blankets for all 80 children living and sleeping in the beds at Hero's of the Nation Orphanage

*At our second orphanage named "The Father's Delight", we were privilege to give them the finances needed to dig a new well to provide clean water, and to help finish a house to accommodate more children. We also provided a latrine (very important).

*Our third orphanage we partner with called "Hope and Victory", we provided 30 new mattresses and bedding for the children and also purchased a month's worth of food and supplies for the 170 children living there.

It brought me great joy to visit and serve the people of Kenya six times. For the past 10 years, we have traveled the distance to do the very thing James 1:27 speaks of.....to help the orphans. We brought them LOVE and in return we got SMILES. We saw the orphanages grow from 100 children to now well over 700 children. We built buildings for housing, schools, medical clinic, built wells, provided generators, greenhouses, clothed and fed the children. It seems like so much looking back, yet the real joy comes to me and the team of willing compassionate people that volunteered their time and raised their money to "Go into the Nations and preach the Gospel". What a LEGACY of LOVE- I am very proud to be part of this journey. All of our lives will forever be impacted! Chris
