World Water Day

March 20, 2016
7 AM — 1 PM
Paiute Shoshone Cultural Center
2300 West Line Street, Bishop

"Water is Life"

Join us in celebrating water! We'll be starting off the event with a sunrise water blessing. This is a FREE event packed with presentations, demonstrations, water-related games and activities, nature walks through the Conservation Open Space Area (COSA), and raffle prizes! There will be information about the Tribe's Water Quality Control Program and other programs in the Inyo and Mono counties. Come learn how you can better manage your water resources!

For more information please contact Shanae Vega at:
