

LIVING WATERS: *WADING IN* An Interfaith Summit

Brock Environmental Center, Virginia Beach, VA
9:00 a.m to 4:30 p.m on October 7, 2015

Join us for an interfaith day of prayers, music, inspiring speakers,
and lively collaborative workshops.

Regardless of where your house of worship is in its “greening” journey, you’ll leave
prepared to lead your congregation to the next level of stewardship.

Learn how other houses of worship across all faiths have grown
in their care of creation.

Meet others who share your interest in working together
to protect and heal our waters.

Check out the agenda and register at
