

2012 IPFW United Way Campaign – Thank You

United Way of Allen County expresses a huge thank you to IPFW for our annual workplace campaign, which ran through January. Through your generosity, \$42,500 was donated to United Way.

Your dollars will help in our community with education, income, health, and basic needs. Together, we're investing in:

- High-quality early care and learning
- Quality after-school academic support
- Job training and coaching for employment
- Tax preparation
- Services for older adults and people with disabilities
- Respite and hospice care
- Homeless shelters and transitional housing
- Food pantries and group feeding programs
- 2-1-1 Services

In addition to helping fund programs from 34 local partner agencies, United Way's 2-1-1 Services and education initiatives, United Way works collaboratively with local government, business and non-profit leaders to find the most efficient ways to help people gain self-sufficiency. They are also expanding their education initiatives to make the most long-term difference and help reverse the trends of poverty.

Thank you. By making a gift to United Way, YOU are a part of the wonderful work being done in our community. We are building a stronger Allen County and, together, we're LIVING UNITED.

Looking to make even more of an impact? Check out United Way's Education Network with dozens of volunteer opportunities at 15 local early childhood and youth serving organizations: UWEducationNetwork.org.
