Catering

Aramark will be the exclusive caterer for university departments purchasing catering on campus when using university funds. More details will be available on the food services website in a few weeks.

Current vendors closing May 7 & 8

Although Aramark's contract is not effective until July 1, the renovation of these spaces must begin as soon as possible after Spring term completes to be ready for Fall term 2015. To help us accomplish this goal, Pizza Hut will close Thursday, May 7; Taco Bell and Subway will close Friday, May 8. We have invited food truck vendors to come on campus during this time; more news on that as it develops.

The construction will not impact Bon Bon's Coffee Company or the Mastodon Mart. Vending will also remain available on campus.
