

Attend a 2016 College Planning Workshop

Is your child or grandchild heading to college in a few years?

The Bon Secours Family Centers can help. We're hosting free informative workshops in September and October in Hampton Roads and Richmond.

The workshops are for the parents, grandparents or guardians of students in the 10th, 11th and 12th grades. You'll learn valuable tips to help your high school students apply for college, find scholarships and more.

Spouses and students are welcome to attend.
