

"UNDERSTANDING MSPA COMPLIANCE FOR AGRICULTURAL WORKERS"

STAKEHOLDERS MEETING
US Department of Labor (DOL)
Regulated Community Members

Please join us for a unique opportunity to meet with key US DOL staff.
This meeting allows us to raise our questions and concerns with DOL
regarding the various compliance issues they enforce, in particular, the
Migrant & Seasonal Worker Act (MSPA).

The goal is to create an effective working relationship between
ag employers and this key regulatory agency.
