Reviews for kellydesigns

"Kelly recently staged a house we have for sale in Connecticut. In doing so she transformed the house into a home that exudes style and subtle sophistication. At all times Kelly displayed initiative and resourcefulness. She was creative, thoughtful and decisive, and she had relationships with painters, carpenters, electricians and movers that were invaluable. She basically functioned as a general contractor, as well as designer, and was able to quickly mobilize and coordinate the workers so that the entire project came together in a remarkably short time. She painted our kitchen cabinets and two main rooms, and added a beautiful lighting fixture that has made a huge difference in our kitchen. The price for all this was lower than I thought it would be, and probably lower than I could have negotiated myself for this one-time job."
Mike, Weston

"Sometimes during a home renovation project, the most difficult first step is getting started. Kelly excels at communicating the big picture, and then provides quality options during each step of the way. From paint color, moldings, furniture, upholstery and window treatments, our home looks beautiful and feels comfortable. We receive numerous compliments from our friends and family. Kelly is enjoyable to work with and truly loves what she does."
Paul & Beth, Pleasantville, NY

"Kelly's work is fresh and innovative! She has a talent for captivating what her clients are looking for and staying within their budget. She is passionate about her work and most importantly eager to have happy and satisfied clients!"
Maria, Westport, CT

"It was a pleasure to work with Kelly again. She was prompt when getting the furniture choices to my clients and she got the job done and transformed a dull empty space into chic/modern space. I will be using her on my own to sell in the near future."
Stacey, Fairfield, CT

"Kelly was able to provide a large variety of fabrics and colors that suited the room I was remodeling. She was especially helpful in choosing the paint color for the room. She was willing to work with me at my pace. She is efficient and professional and has a great eye for color and detail. I will certainly use her on my next project and would highly recommend her work."
Cindy, Southport, CT
