

Alliance Insurance Centers, LLC is proud to be the BCAW endorsed insurance for the past 10 years. Established in 1992 Alliance Insurance Centers has grown from a start up insurance agency to writing close to 15 million dollars in premium in Wisconsin and the UP of Michigan. We are your one stop agency for all of your business and personal insurance needs and take pride in the service and value we are able to provide each and every one of our customers.

Having been with Alliance Insurance Centers since 2001, earning my Certified Insurance Counselor designation in 2007, attending numerous continuing education courses and industry seminars along with internal agency support I have the experience and resources to thoroughly solve any of your insurance challenges

With our access to a long list of companies we are able to provide coverage for your Property, Liability, Commercial Auto, Workers Compensation, Personal Auto & Home, Health (Group and Individual), Life, and Bonding. We are also able to access Specialty Markets for risks that for whatever reason might not fit the "Standard Market". Whether due to claims history, age / condition of building or simply a 1 day unique special event that may require coverage over and above your current policy we possess the ability to seek out and find the proper coverage. From 4 lane beds to 60 we are able to formulate a package to fit your needs.

Between our sponsorship of the annual golf outing, attendance at the conference/ trade show, or through any other avenue, it has my been honor to have been able to meet with many of you to review your current insurance package, point out possible coverage gaps, and successfully form a program uniquely tailored to each individuals needs. Currently with 40 some bowling centers on the books it is our hope to grow and prosper this relationship and to become just one more example of the value a membership to the BCAW offers.

If you would be interested in a no obligation review of your insurance package I can be reached by phone at (800) 844-6662 or at tolson@allianceinsurancecenters.com . A quick 5 minute conversation to set up an appointment for me to visit your center at your convenience is all it takes!

Sincerely,

Todd Olson, CIC
Alliance Insurance Centers
