

**Interactive  
science  
demonstrations  
for kids  
of all ages**

presents

## **FAMILY SCIENCE DAY**

**Saturday, April 23, 2-5 p.m.  
Loma Prieta Elementary Forum**

### **Want to experience really cool science?**

Community members and outside individuals and organizations, including the Marine Science Institute and the Youth Science Institute, will provide exhibits on marine biology, zoology, genetics, acoustics, kitchen science, anthropology, mosquito-borne disease, connections between science and the arts . . . and more!

CTE Science Fair participants will also be presenting their science projects.

## **FREE ADMISSION**
