

Chicagoland Methodist Senior Services Spring Technology Series

Learn about special topics in computers from the technology experts at CMSS

Chicagoland Methodist Senior Services (CMSS) Computer Services invites you to join us during our FREE Spring Technology Series.

As one of the only computer services programs exclusively serving older adults (we even make house calls!), we want to educate people on some of the hottest topics and common questions we get throughout the year.

All Spring Computer Series events will be held at Covenant Home of Chicago, located at 2720 W. Foster Ave., Chicago, IL 60625.

RSVP:

Tricia Mullin, (773) 596-2296, mullin@cmsschicago.org
