

REQUEST FOR PROPOSALS

Enhancing Knowledge and Application of Comprehensive Disaster Management (EKACDM) Initiative

Title of Assignment: Production of Policy Guidelines and Frameworks for Mainstreaming of Comprehensive Disaster Management (CDM) in National Policy of Selected Priority Sectors

Project Background:

The EKACDM Initiative is a five-year sub-project under the Caribbean Disaster Risk Management Programme funded by Global Affairs Canada whose ultimate outcome is the implementation of the 2007 CARICOM Enhanced Comprehensive Disaster Management (CDM) Strategy and Programme Framework.

Purpose of Assignment

To develop a framework and guidelines for mainstreaming Comprehensive Disaster Management (CDM), into national and sectoral policies for two of the five priority economic sectors – water, tourism, finance and economic development, agriculture, health and wellness. They should be applicable for use in CARICOM countries and will use the initiative's target countries

The detailed RFP can be viewed and downloaded from the Initiative's website:
