

Honoring Ezra Schwartz hy”d

We were all deeply affected by the murder of post high-school student, Ezra Schwartz hy”d, in Israel in a terror attack this past month. Yavneh will be joining dozens of other Jewish high schools in a learning project in Ezra’s memory. The schools have gotten together and decided to finish the entirety of Mishna which includes over 4,000 individual mishnayot. We have already started this project and we will be finishing our mishnayot by December 21st for Ezra’s shloshim (30 days after his death). I am very proud of our participation in this beautiful project. It is a very appropriate way for us to both honor Ezra’s memory and also be a part of the larger Jewish community.
