Dear High School Senior,

College may still be a full year away, but it is probably something very much on your mind right now. For many, going to college is a new beginning, and this transition can be both exciting and daunting. Many people view college as a time to find their purpose in life, and certainly you will be offered much in the way of clubs, activities, and causes. However, we hope that you will find the highest, most fulfilling purpose—to pursue Christ “with those who call on the Lord out of a pure heart” (2 Timothy 2:22).

As fellow brothers and sisters running this “race which is set before us” (Hebrews 12:1), we wish to share with you our experiences of the Lord during our college years and how important this time in our lives has been. Through failures and successes, we have learned to depend on Christ and to depend on the saints. We hope the sharing will help and encourage you even in your last year of high school and that the practical fellowship will prepare you for the spiritual and human challenges that lie ahead.

With that said, we would like to warmly invite you to this time of fellowship. Please bear in mind that this time is not exclusive to those interested in attending UCLA or any other four-year university; we welcome all high school seniors to come. May the Lord speak to each one of us during this time that we would be supplied to go on this coming year. Below are some details of the High School Seniors Fellowship Time:

When: **Saturday, August 31, 2013**
