Swifshot Sports is a unique indoor facility that just opened up in King of Prussia. Swifshot is focused on providing the latest, **most enjoyable indoor games that every child can play** at their own skill level. You don't have to be a superstar at sports to have fun at Swifshot. Their spring-coiled flooring system allows players to jump higher and move faster... adding an exciting low-impact dimension to indoor sports that kids have never experienced until now.

There are no time-outs, no out-of-bounds... and no coaches. There is great music to motivate high-energy fun. This is the same pressure free play-style found in basements, playgrounds and parks everywhere.

Activities include:

- Glow in the dark dodge ball or gaga
- Family fun night
- Fun multi-sport programs like PLAY and POLYSPORTS
- Build your own leagues- Soccer, Dunkball, Floor Hockey, Kickball and more (your friends, your rules, your fun)
- Birthday Parties
- Open gyms
