

ARE YOU SPREADING INFECTIONS!!!

BUY QSUM'S BASIC INTERVENTIONAL TRAY!

- **TRAY FLEXIBILITY:** Based on customer feedback QSUM's "Interventional Procedure Tray" contains just the basics. No more waste!
- **COST EFFECTIVE:** Our focus is on cost-effectiveness! We use customer feedback to design our trays. By reviewing our surveys we compiled all the components that were consistently used. This is your tray!!! This basic tray allows you to customize it to each individual physician's preference. This saves time, reduces waste and costs you less!!
- **QUICK SET-UP AND TURN AROUND TIME:** Pre-made biopsy trays maximize valuable medical staff time by eliminating tray set-up, room turnaround time, ordering, unpacking and storing multiple products.
- **REDUCES TRAY CONTAMINATION:** Pre-made trays greatly enhance the ability to maintain the sterility of a tray.
