

Protecting Farm Workers Series CFVGA Lunch and Learn Webinar

Wednesday, July 27 | Noon – 1:15 pm

Using Personal Protective Equipment and Managing Heat Stress

The Worker Protection Standard requires ag employers to enact measures to protect ag workers. This webinar will explain best practices in personal protective equipment use and managing worker heat stress.

Info you need to know about some of the rule changes to the
EPA Worker Protection Standard.

The new WPS rules go into effect January 2, 2017 – learn how to prepare!

**WPS protects farm workers, pesticide handlers, and others from
agricultural pesticides, organic and conventional.**

The EPA's WPS has not been revised in over 20 years.
The new rules impact how farms will have to comply.
Compliance is mandatory and fines can be levied by CDA for
non-compliance.

When: Wednesday, July 27 from Noon – 1:15 pm

Presenter: Thia Walker, CSU Extension Specialist with Colorado
Environmental Pesticide Education Program

Brought to you by: [Colorado Fruit and Vegetable Growers Association](#)
