

Mosaic Pot Class

*Bring a 10" or larger
made in Texas or Italy pot.
Pots made in Mexico don't
hold up as well.*

*Because of the complexity of doing a
mosaic on a curved surface, you
shouldn't expect to finish this project
in one day. We will discuss grouting
and provide a handout for when you
grout at home.*

*Please bring or purchase on
first day of class:*

- *Pre-Selected Pattern and Glass - You Can Pre-Cut Your Focal Pieces-Use Mosaic or Lead Shears*
- *Safety Glasses*
- *Glass Cutter & Pliers*
- *Wheeled Mosaic Cutters (nippers)*
- *Fabric Tape Measure*
- *Weldbond Adhesive*
- *Tweezers for Placing Tesserae*
- *Sharpie*
- *Plastic Baggies for Tesserae*

We appreciate it when you buy your tools and supplies here at Harmony. By doing so, you help ensure that your local stained glass store will be here as a place for fun and learning for many years to come.
