

Mosaic Gazing Ball

Saturday, July 9 from 12:00 to 5:00 pm

\$48 plus supplies

****** No Experience Required ******

This unique mosaic garden art combines traditional glass mosaic with a timeless spherical shape. In centuries past, these globes were used to ward away evil spirits and for bestowing good fortune on their owners. Indoors or out, this special project will bring charm to your patio, garden or home decor.

You will prepare the base of your ball before class. Tuition includes two hours of instruction with your teacher and three hours of working time the rest of the day. You will complete your mosaic and grout it at home.
