

# Teacup Mosaic Workshop

**\*\*No Experience Required\*\***

Join us at Harmony as we take you on a journey of absolute fun. You bring the teacups and we'll teach you how to drill holes for drainage and then cut them in half with the tile saw. You'll select a glass color for your background and then put it all together in ONE DAY! You'll even grout in the class!

Since there's no experience required, you can bring your friends who don't know how to cut glass.

Bring an assortment of cups, saucers, sugar bowls, creamers, etc. We found our cups at a thrift store. We'll be building a 12"x18" panel in class. As you can see from the photo, four items will fit nicely.

We are not going to take a break for lunch. You may want to bring a simple snack in case you get hungry.

**Even though class starts at 11am, please come to Harmony by 10:30 to select glass for your project. We'll have several people available to help you.**

*Please bring these items if you already own them:*

- *Safety Glasses*
- *Glass Cutter & Pliers*
