

# TREASURE VALLEY BRIDGE MAINTENANCE Summer 2016

The Idaho Transportation Department is doing maintenance work on seven bridges across the Treasure Valley. The maintenance work will extend the lifespan of each bridge. Work will be performed in two phases:

- In late June to early August, crews will grind down the existing roadway surface of each bridge.
- In early August to early September, crews will resurface the bridge decks.

## WHAT TO EXPECT AT EACH BRIDGE

Work will occur **only at night**. Up to three bridges will be under construction at the same time. When crews are working at each bridge, drivers can expect:

- The speed limit will be reduced.
- Flaggers may direct traffic.
- Lane restrictions will be in place.
- Access will remain open across each bridge.
