The Chapter and the City of Baltimore is once again hosting the annual Chapter Conference, in 2015! According to long-time Chapter leaders, it has been decades since the Conference has been held in Baltimore, so we are all extremely excited about returning to Baltimore. City and Chapter leaders have been working together to make next year’s event another of our continuous outreach success for public works professionals from across the region.

Start making plans to join us in this great City, where the Baltimore Convention Center is the primary site for the Conference venue. Hotel information is forthcoming.
