

## Senior Scholarships

Dear Seniors:

Attached is a senior scholarship application. Throughout this year various community organizations will seek out students that meet various criteria to award a scholarship to and often it is up to McNicholas to determine one or two students to recommend for these scholarships. Local area scholarships are scholarships that you can use at any school that you plan to attend, they are not school specific. This application is used by the McNicholas High School scholarship committee to help determine eligibility for these various "local area scholarships".

Please complete the application carefully and neatly, placing special emphasis on any unusual circumstances which may be affecting either you and/or your family. **Applications need to be returned to the guidance office by Friday, February 12th at 3:00pm.** If you do not apply, you will not be considered. Please contact your counselor if you have any questions.

Sincerely,

Ms. Nelson, Ms. Richter, and Mr. Wehrman
