

# Our shared ministry

## I want to do ministry with you.

There are many ways for people to demonstrate the language of love. It is true in our relationship as minister and congregant as well. As the fellowship moves to determine if ours might become a more permanent one, I would like to make it clear how much I would like to be your minister, how much I love you. You are caring, welcoming, smart, engaged, joyful, inspired life-long learners. What a wonderful place to deepen relationship, to grow together, to transform the world together! I invite you to join me for conversation, to ask questions, to spend some time together.

Tea with the minister Feb 16<sup>th</sup> @ 2p, 18<sup>th</sup> @10a, 20<sup>th</sup> @10a
