10 - 15 Lecture Credits

Tuition:
\$995 AGD
\$1,225 Non-AGD

Instructor:
Dr. Gregory Psaltis

Location:
Infinity Bay Resort and
Spa
Infinity Bay Rd, West
Bay, Honduras

Spring Break: Pediatrics

Explore the latest pediatric strategies for
the general dentist!

This course will cover pediatric dental examinations, patient management and interceptive orthodontics. All aspects of the pediatric dental examination will be discussed including recognition of anomalies, growth and development, symmetry and balance of the dentition. Also, learn and enjoy patient management from a new perspective, far beyond simply "controlling the child". The emphasis will be on the behavior of the provider which ultimately enables the child to achieve success in a dental setting. Techniques for handling the child and techniques for altering negative behaviors, needle-phobia, gagging, etc will be detailed. This lecture will also discuss interceptive orthodontics including space maintainers and many simple active appliances. The timing for early orthodontic referrals will be addressed, emphasizing components of the patient's growth pattern that are most likely to be helped by early treatment. In addition, we have exciting news and a first for OAGD in Roatan. If you want to practice your skills with Dr. Psaltis and/or if you need participation credits for your Mastership requirements, opportunities to sign up for hands on sessions in nearby Esperanza clinic will be available. Spaces are limited so sign up early!

Course Objectives:

- Understand multiple aspects of and become familiar with how to conduct a comprehensive pediatric dental exam
- Understand the breadth of pediatric dentistry's restorative protocols
- Learn techniques to manage negative behaviors Learn concepts of interceptive orthodontics
- Demonstrate appropriate protocols for interceptive orthodontics

Approved PACE Program Provider
FAGD/MAGD Credit
Approval does not imply acceptance
by a state or provincial board of
dentistry or AGD endorsement.
(6/1/2015) to (5/31/2019)
Provider ID #219322
