2015 BRIA FUND RAISE THE ROOF RAFFLE FOR FIP RESEARCH

Please join us in raising money for the Bria Fund's 2016 FIP research, and have some fun too. We are having a raffle again this year, but it will be a little different from the previous one. Last year we raised over $15,000. Help us make this year's bigger and better! We will be using two stages for the raffle, like last year. Stage 1 is the gift donation stage. We welcome prize donations of all kinds, cat themed, or not. Prizes will be solicited through September 18, 2015. We had a fantastic variety of donations last year-something for everyone. Please consider donating a prize or soliciting a prize or two from friends, family, and businesses. A donor form will be added to our web site shortly www.briafundsupporters.com We ask that a form be completed for each item donated. If possible, the gift donor mails the item to the winner at the end of the raffle. Should the donor and winner be in different countries, we ask them to split the postage costs. We are willing to assist in the process, if needed, to help determine the most economical postage rate. We also ask the donor to provide a good photograph, when possible.

Monetary donations stipulated to the Bria Fund, will be requested from October 1, 2015 through November 20, 2015. A ticket will be given for every $5 donated. Donors may just contribute and decline tickets, as some of you have previously. **This year, all donors desiring to win prizes must designate all their tickets to specific prizes.** All donations will need to be made directly to the Bria Fund, via the Winn Feline Foundation. More information on the donation process will be shared on Facebook, select Yahoo groups, our Web site www.briafundsupporters.com , through Winn, and other sources. The prizes and the donor form, which must be completed to select prize numbers, will be added to the web site and available by October 1st.

We are also looking for volunteers to help with the raffle. If you are interested in seeing how you can help with our 10th anniversary raffle, please contact me on Facebook or via my e-mail address below. Volunteering doesn't require a great deal of time.

I believe that many of you in our FIP Family lovingly and tenaciously participate in this fight to remember our precious fur angels taken by this cruel and unforgiving disease, and to make our vision of a world without FIP a reality. FIP research becomes more exciting every year and we are seeing progress. Our hope for managing FIP as a chronic disease and ending it, is in the research we help fund. We need everyone who can, to participate. Please contact me if you have any questions at defeatFIP@verizon.net Purrs, Susan-the Bria Fund.
